## MEMBER'S REPRESENTATION.

Sri M.C. NARASIMHAN.— On a point of personal explanation about the adoption of the Report. I am not quarelling with you or trying to raise any objection of what you say. You said that it is not fair for anybody to raise a discussion in this matter. It was not my intention to be unfair. My intention was to bring to your notice our difficulty which, unfortunately, if not appreciated.

Mr. SPEAKER.—I have to give my personal explanation also. (*laughter*) I have always said that the Members are free to say whatever they want to say on the subject. But, at the same time, I also say that I appreciate the difficulty of the Hon'ble Members and I am always there to solve it. So, in no way, did I mean anything against any Member.

Now, before I go the other subject, I have to announce one thing, because it is a matter of great importance. This is a notice received by me from two Hon'ble members of this House : one is

C. J. Muckannappa and another is Sri M. C. Narasimhan. In the ordinarycircumstances, I would not have brought it to the notice of the house, but I wanted to deal with it exhaustively and give a ruling at a later stage. That is why, I want this House to understand what exactly is the notice given by the Hon'ble Members :

" The Secretary,

The Mysore Legislature, Bangalore.

Dear Sir,

This is to request you to permit us to raise an issue of breach of privilege.

The breach of privilege has according to signatories occurred in the following manner :

The Chair yesterday (*i.e.* on 13-4-61) passed certain remarks which cast serious reflection on all the members of the House in a very general way. The remarks in first instance referred to somebody's opinion suggesting serious deterioration in the debate. It was also suggested that there was no possibility of the members correcting themselves in the future either. In the course of the observations while referring to alleged interruptions by members the word monkey was used which was uncalled for. Whatever the intentions may be the effect of these words as judged from the currency it has gained through the Press reporting and also otherwise has seriously affected the prestige of the members and has impaired their capacity to discharge their duties as required by the Constitution. Neither the rules of the procedure of the House nor the Constitution enables the Chair to make such observations.

Hence the motion of breach of privilege may be permitted to be moved and referred to the Committee of Privileges.

Thanking you,"

This is, of Cource, the Members' notice to me and I want to deal with it very exhausively. I wanted to give a ruling today, but, after a second thought, I felt, I must give a ruling either on Monday or Tuesday I might have disposed of the matter in my Chamber itself. But, it is a very important matter about which the Members may feel too much and that is why, I have brought it to the notice of the House.

Sri M. C. NARASIMHAN,— There was another letter, Sir.

Mr. SPEAKER.—Of course, that does not involve anything : that is only a request ; it is about a newspaper.
